voting twice there are people being caught voting for their dead relatives there be people caught at polls passing out ballots there are people being caught ballot harvesting of over 25,000 people in nursing homes and the list goes on and on. And I'm not doing this or staying these things to take a stab at any Democrats I would only hope that my Democrat friends the few that I have want the same thing as everybody else Affair election if Trump loses legitimately then he loses it and it'll suck for America but I'll accept the outcome at least for four years until he's elected in the next election but I'll be damned if I'm going to sit here and call somebody my president or president-elect when they've done nothing but cheat and lie their way through life and has lived off of our money and has gotten rich off of making deals with communist countries that he'll have to answer to if he is elected as president. So all my trump lovers keep your head up people this ain't over
